“What hurts victims the most is not the cruelty of the oppressor, but the silence of the bystander.” ~ Elie Wiesel

The Holocaust & Human Rights Education Center strives to create Upstanders, good citizens who raise their voices to oppose behaviors like bullying, bigotry, and hatred before they become the culturally accepted norm. For over 25 years, we have brought the lessons of the Holocaust, genocide and human rights violations to teachers, students and the community.

We will never forget. The stories of the Holocaust must be told and as our Survivors age, it is essential that we preserve their legacy. Through teacher training, community outreach and our online presence, we ensure these personal histories will be safeguarded for the future.
